## Corporate nominee

Shareholders can hold their shares electronically through a dedicated nominee service, which has many advantages over the traditional paper based procedures involving share certificates. Further information on this service is available from Lloyds TSB Registrars.

## Electronic shareholder communication

Shareholders can elect to receive shareholder documents, such as Annual and Interim Reports and notices of general meetings, electronically from the Company's website rather than in hard copy through the mail. This has the advantage of improving the speed of communications and reducing administrative costs of printing and postage.
